

NON-INSURED HEALTH BENEFITS PROGRAM (NIHB): PRICE INCREASE FOR INCONTINENCE AND OSTOMY

Effective May 1, 2017, the NIHB Program has increased the reimbursement rate for incontinence and ostomy supplies by 1.4%. These price files are in effect until March 31, 2018. This increase does not apply to provider groups with whom NIHB has existing agreements.

It is important to note that the new price file applies to prior approval (PA) requests received on or after May 1, 2017. For PAs received before May 1, 2017, providers are advised to use the prices referenced in the PA confirmation letter when submitting claims to Express Scripts Canada.
