

## For our Pharmacy Providers in Saskatchewan

Spring 2005

### NEWS AND VIEWS

Welcome to the spring 2005 edition of the Non-Insured Health Benefits (NIHB) quarterly newsletter. First Canadian Health (FCH) is now in its seventh year of operations as the claims processor for the NIHB Program of the First Nations and Inuit Health Branch (FNIHB) of Health Canada.

Again, FCH would like to thank you for your support as you continue to provide quality health services to First Nations and Inuit clients of the NIHB Program.

As always, your comments and questions are welcome. Please contact the FCH NIHB Toll-Free Inquiry Centre at **1-888-511-4666**, or send your correspondence to:

### SPRING 2005 NIHB DRUG BENEFIT LIST UPDATE

Please find attached the Spring 2005 updates, which list all changes made to the NIHB Drug Benefit List (DBL) since the last update for Winter 2004-2005. These updates include the addition and replacement of Drug Identification Numbers (DIN), limited use benefits, drugs removed from the Canadian market and drugs discontinued by the manufacturer effective April 1, 2005.

These updates are reflected in the most recent electronic version of the NIHB DBL. Please refer to the website at the following URL address:

### FREQUENCY LIMIT FOR DISPOSABLE DIAPERS AND BRIEFS

As of January 1, 2005, the frequency limit for disposable diapers and briefs is a maximum of 450 diapers/briefs per three-month period. This frequency limit applies to the following item codes:

- 99400436 – Pant, briefs, disposable
- 99400440 – Diaper disposable, medium, adult
- 99400750 – Diaper disposable, small, youth, adult
- 99400751 – Diaper disposable, large adult
- 99400752 – Diaper disposable, child over 2 years of age
- 99400753 – Diaper disposable, large/extra large, child over 2 years of age

For a list of the disposable diapers and briefs covered by the NIHB Program, please refer to Sections 10B.2.5 and 10B.8 of the *NIHB Pharmacy/Medical Supplies and Equipment (MS&E) Provider Information Kit*.

### QUANTITY LIMITATIONS FOR MS&E ITEMS

MS&E items that have an annual quantity limitation must be provided and claimed for no more than a three-month period at a time. This applies to items with or without a prior approval number.

Items must be claimed in individual units, not packages or boxes, unless otherwise indicated (e.g. gloves) in the recommended replacement guidelines column of the MS&E benefit lists in the *NIHB Pharmacy/MS&E Provider Information Kit*. For example:

- Irrigation Syringes (item code 99400320): The quantity limitation is 24 syringes per year, therefore a maximum of 6 syringes can be provided and claimed per three-month period.
- Batteries for left hearing aids (item code 99400259): A maximum of 12 individual batteries can be claimed every 3 months.

Claims for MS&E items that are submitted with quantities in excess of the amount allowed during the three-month period are subject to reversal or recovery through the audit program.

## **“REFUSAL TO FILL” CLAIMS**

Saskatchewan providers are reminded that a “Refusal to Fill” claim **must not** be submitted for a prescription that **is placed** on hold while consulting with the prescriber. The “Refusal to Fill” claim **must** only be submitted **once** the pharmacist determines **to not fill the prescription**.
